## Career Connect Washington Program Builder 101 Sessions

Are you interested in creating (or expanding) a career-focused program for students and/or young adults in Northeastern Washington (Stevens, Ferry, Pend Oreille, Lincoln, Spokane, Adams, and Whitman counties)?

Career Connect Washington (CCW) is expected to release a Request for Proposal (RFP) in early March for their Round 11 Program Builder grant funding to support these efforts across the state. Almost any entity who is licensed to do business in Washington is eligible to apply (K-12, higher ed, businesses, associations, non-profits, community-based organizations, and more).

All sessions and registration links can also be found at [www.careerconnectne.org](http://www.careerconnectne.org)

Please note: At this time, CCW has not formally released the RFP for Round 11. When the RFP is released, we will share the link with all partners who have registered for any of the Program Builder 101 sessions above.

All three sessions will provide slightly different information but serve a specific purpose for varying types of partners. All sessions will be recorded and shared out to those who register.
